Director, Defense Intelligence Agency  
Washington, D. C. 20301

Dear Joe:

The CIA Cable Secretary, [redacted] has informed me that although we are getting telegrams from the Defense Intelligence Agency, we have not advised you in writing of the guidelines for selecting telegrams for distribution to the Central Intelligence Agency.

25X1

Our needs are simply that we would like to be included in the distribution of all telegrams containing intelligence or concerning intelligence activities. With the thought that a more detailed list might be useful, the enclosed guideline list has been prepared.

To expedite delivery it would be appreciated if [redacted] [redacted] in the NMCC Message Center could continue to select and send to us those messages that meet our requirements.

25X1

May I take this opportunity to say that we sincerely appreciate the speed and quality of service we receive from your Agency.

Sincerely yours,

*Lyman B. Kirkpatrick*
